Feb 2009 – 2012 – Break in coaching due to Army Duty Assignment in Washington, DC

- Coaching Strengths
 - Played several sports from youth league thru Middle/High School; played football for US Army Team in Germany and Fort Lewis, WA. As a coach, I have a unique style of coaching; I use highly motivating techniques to encourage players to succeed. Through the process of identifying strengths and weaknesses within each individual player, I encourage each player to develop and build upon these core areas through mentorship, accountability, and positive re-enforcement. Foundation for this success lies in: “T-E-A-M” (Mental and Physical) Toughness – (Always Striving for) Excellence – (Holding ourselves and others) Accountability – (High level of) Motivation

- Coaching Strengths (Cont)
 - Developing a team with the understanding of situational baseball/softball, proper techniques, and anticipating the next play is critical to the success of each individual and more importantly the success of a focused “Goal Oriented” team and softball family.
 - I have worked with youth sports programs throughout the nation throughout my 20+ year military career. I’ve worked with the youth ministry team at Jersey Baptist Church and currently at LifePoint Church of Columbus.
- Certifications/Training
 - FBI/BCI (Federal/State Background Check)
 - CPR Course Training Annually
 - Concussion Course Training Annually
 - Amateur Softball Association (ASA) Certified Coach
