- **Coaching Strengths**
 - Pitching – as a player, I pitched from youth league thru High School (Division 4). As a coach, I work with young pitchers, both baseball and softball, to find and develop their strengths as a pitcher. I help to develop their technique, their strengths, and their mental toughness to play that position.
 - Defense – as a player, I played 1st base (when not pitching) from youth league thru High School. Played SS as well. As a coach, I work with the defense to develop their understanding of situational baseball/softball, proper techniques, and anticipating next.
 - Have worked with youth rec sports leagues for seven (7) years and understand and enjoy working with kids.
 - I am also a Youth Ministry Leader at Vineyard Columbus with both the KidzQuest and Awana Ministries where I lead and mentor kids.
- **Certifications/Training**
